HEALTH HAZARD INFORMATION

Health Effects

Acute	
Swallowed	Not a route of exposure for the conformable dressings. Gel - slightly harmful if swallowed. May cause gastrointestinal irritation.
Eye	Not a route of exposure for the conformable dressings. Gel - may cause temporary eye irritation.
Skin	Not hazardous under normal conditions of use.
Inhaled	Not a route of exposure for the gel or the conformable dressings. Water vapour will be released on drying or heating.

Chronic	Skin: Like all chemicals, has a possibility of causing skin irritation or sensitisation in susceptible individuals.
----------------	---

First Aid	
Swallowed	Obtain medical attention, do not induce vomiting. Give one or two glasses of water.
Eye	Rinse eyes thoroughly with water. Obtain medical attention if effects persist.
Skin	If irritation occurs or sensitisation develops, wash thoroughly with soap and water. Obtain medical attention.
Inhaled	Not normally applicable, except if overheated and decomposed. Remove to fresh air if decomposition fumes are inhaled.

PRECAUTIONS FOR USE

Controls	No engineering controls required when used as a wound dressing.
Personal Protection	No personal protection requirements necessary when used as a wound dressing.
Flammability	Not a readily combustible solid due to the high water content.

SAFE HANDLING INFORMATION

General	Refer to information provided with the product.
Storage and Transport	Store in a dry place (<25°C). No special transport requirements. Not a Dangerous Good, Workplace Hazardous Substance or Scheduled Poison.
Spills and Disposal	Spillage: Gel - wipe and place in the normal waste system. Disposal: in accordance with local waste regulations. May be disposed of to the domestic waste. May be incinerated in an approved facility. Used: dressings may be required to be disposed of in accordance with the local authority's infectious waste requirements.
